

California Materials, Inc

California Materials, Inc. Transportation Safety Manager

About the Company:

California Materials, Inc. is a local trucking company with around sixty drivers and has been in business for over fifteen years. California Materials, Inc. hauls aggregates to and from job sites no more than a 100-mile radius from our main terminal and our customers range from small time construction companies to large general contractors. California Materials, Inc. is a growing trucking company who operates on its core values of integrity, dedication, growth, and positive vibes.

Job Description:

We are seeking an experienced and dedicated Transportation Safety Manager to join our team. As a Transportation Safety Manager, you will be responsible for ensuring the safety and compliance of our transportation operations. You will develop and implement safety policies and procedures, conduct safety training programs, and monitor and investigate incidents and accidents. The ideal candidate will have a strong background in transportation safety, excellent leadership skills, and the ability to effectively communicate safety protocols to employees.

Responsibilities:

- Develop and implement transportation safety policies, procedures, and programs.
- Conduct regular safety audits and inspections to identify potential hazards and ensure compliance with safety regulations and DOT compliance.
- Provide training and educational programs on transportation safety topics to employees.
- Investigate and analyze incidents, accidents, and near misses to identify root causes and develop corrective actions.
- Oversee vehicle inspections, maintenance, and repairs to ensure compliance with safety standards.

- Maintain accurate records and documentation related to safety incidents, training, and compliance.
- Collaborate with cross-functional teams to ensure safety initiatives are effectively integrated into the transportation operations.
- Stay updated on industry trends, regulations, and best practices related to transportation safety.
- Develop and maintain relationships with regulatory agencies and industry stakeholders.
- Promote a culture of safety awareness and responsibility throughout the organization.

Requirements:

- Bachelor's degree in Transportation Management, Occupational Safety, or a related field (or equivalent work experience).
- Proven experience as a Transportation Safety Manager or in a similar role within the transportation industry.
- Strong knowledge of transportation safety regulations, standards, and best practices.
- Excellent leadership and communication skills.
- Ability to develop and deliver effective safety training programs.
- Strong analytical and problem-solving skills.
- Proficient in using safety management software and tools.
- Class A license strongly desired

Job Type: Full-time
