

Sr Project Manager | Raleigh, NC | \$120-140k

We are seeking a Sr Project Manager to join our fast-growing client in the construction industry! As a Sr Project Manager, you will be responsible for overseeing the successful execution of construction projects by establishing objectives, managing your team, and pushing projects to the finish line. If you are a leader with a strong work ethic, construction management experience, and a passion for providing excellent service, we want to hear from you! To apply, email your resume to eddie@go2dynamic.com with the subject line "Interested in Sr Project Manager" today!

Key Responsibilities

- Establish clear project objectives and provide exceptional management direction to ensure projects are delivered on time, on budget, and to the highest quality standards.
- Manage and guide Jr. PMs to ensure their professional development and success.
- Negotiate effectively with subcontractors and vendors to ensure the best pricing and service possible.
- Maintain a strong relationship with prime client contacts to ensure their satisfaction and success.
- Coordinate schedules to ensure seamless project delivery.
- Proactively submit RFIs to identify and solve potential issues before they impact the project.
- Expertly track submittals to ensure timely completion of all deliverables.
- Monitor construction and financial activities with precision and accuracy.
- Take full accountability for maintaining budget and profitability goals and taking proactive steps to ensure their achievement.

Key Qualifications

- Must have B.S. in Engineering or Construction Management
- 5+ years of experience in construction project management
- Understanding of construction drawings and specifications
